

Time to Shop! Everybody Wins!

Shopping  **Helps**
.com

Trinity Children's Foundation of America is pleased to introduce a new way to shop and give at the same time. Shoppers can get great deals on several different brand name products and with each purchase support Trinity's children!

Go to www.shoppinghelps.org and you will enter a store that offers **more than 900 name brand products** from partners such as Best Buy, Sony, Apple and many others at great bargain prices. New and high-quality products are added to our auction portal daily, all with the lowest price guaranteed.

The site also has an auction platform that allows you to "express bid," "unique bid" and "zero bid" on some really special items. For example, one donor purchased a Nintendo DS for a mere \$65.75. Another got an IPOD Classic for just \$25! Our children benefit directly each time you bid or shop. The Foundation will receive a percentage of all credits and products purchased, so everyone wins! The retailers will sell their products, the shopper gets the best price anywhere, and Trinity's children will get a constant stream of donations every time our donors shop.

To clarify, www.shoppinghelps.org is not a substitute for our traditional methods of charitable contributions... it is yet another way you can give and receive at the same time. As always, your traditional support will still be greatly appreciated!

This is the ultimate "win-win" situation. You can purchase top quality, name brand merchandise at reduced pricing and support abused, neglected and abandoned children at a time when it is needed most.
